

HOW DALLAS-FORT WORTH AREA SCHOOLS RATE

Texas Education Agency

Thursday, August 15, 2019

The Texas Education Agency has rated all school districts and their individual campuses (or are on track) as measured by STAAR results and the achievement of all students relative to districts or campuses with similar economically disadvantaged percentages.

HOW THE RATINGS ARE DETERMINED

MET STANDARD: District or campus met performance index targets on all indexes for which they have performance data in 2018. Schools under this category can be recognized with three additional "distinction" designations:

1) OVERALL RATING: Distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics.

2) STUDENT ACHIEVEMENT: Students are evaluated in performance across all subjects for all students, on both general and alternate assessments, college, career, and military readiness (CCMR) indicators, and graduation rates.

3) SCHOOL ACADEMIC GROWTH: Measures district and campus outcomes in two areas: the number of students that grew at least one year academically as measured by STAAR results and the achievement of all students relative to districts or campuses with similar economically disadvantaged percentages.

IMPROVEMENT REQUIRED: Districts or campuses that did not meet one or more performance index targets.

HOW AREA DISTRICTS FARED

For a complete list of all school campuses, please visit: <http://tea.texas.gov/2019accountability.aspx>

Performance change from 2018 to 2019
